CALL FOR SUBMISSION OF ANNUAL PROJECT FUNDING UPDATE

Warm greetings to the Sector

As it has become a tradition for ECPACC to advertise the call for the submission of applications for Annual Project Funding, we would like to advise about the delays we are experiencing. The delays emanate from the Review of the Funding Policy which was prompted by subsequent developments of the Cultural and Creative Industry, specifically for the Eastern Cape Province. The Policy Review has been informed by inputs received from various stakeholders across the sector. It is anticipated that the policy review process will be finalised in July 2021 whereupon the call will be published in ECPACC website and all including all social media platforms and Department of Sport, Arts and Culture website.

ECPACC understands the pressures experienced by artists at these unprecedented times. We are doing everything in our powers to expedite the call. We hope that all funding processes and outcomes will be finalised around October 2021. We thank you for your understanding and patience.
